This January we asked our staff members and patrons to tell us what brings them joy. With a difficult 2025 behind us and a harsh winter before us, we wanted to encourage each other to remember the things that bring us joy and to spend time enjoying them because even the smallest, simplest of comforts can make life worth living. Thank you to everyone who participated and be sure to check out the ends of our shelves to see what patrons wrote!

Children/Family Programs

Story Times & Big Kid Programs run

Jan 20th—Feb 13th

Registration begins 1/5/2026 and can be completed online in addition to calling or stopping by.

Stories & More

R

Wednesdays at 10:00am

Story time captures the imagination and attention of young ones to inspire a lifelong love of books and reading. Our story times include songs, rhymes, flannel boards, and instruments. This program is specially designed for birth through preschool. We incorporate early literacy tips and practices to promote reading readiness.

Stories & Stretches

R

Thursdays at 11:00am

Children ages 2 to 5. A fun, movement-oriented program with stories, songs, stretches, and movement.

Investigations Stations

R

Tuesdays at 6:30pm or
Wednesdays at 3:30pm

Kids ages 3 and up participate in directed group activities, including longer stories, music, and instruments, followed by exploration of creative art and STEM stations.

Reading Can Be Ruff Club

R

Wednesdays at 3:30pm

Practice reading with our favorite therapy dogs. These guys are great listeners and never judge! They make reading fun. Bring a book or choose one here. Explore the Investigation Stations and enjoy some “pupcorn” while you wait.

PLEASE NOTE: THIS WILL BE A 4 WEEK SESSION

PFAS: The Pollutant We All Have to Deal With

Wednesday February 11th
5:30pm in the Gallery

-Continued from previous page-

PFAS have been used in everyday products like non-stick pans, waterproof clothing, and firefighting foam, and they are now found in water, soil, and living things all over the world. There are thousands of different PFAS, but only a few have been carefully studied because lab testing takes a long time and costs a lot of money. He will present on how his research was conducted and how it helps scientists determine which will first affect water, wildlife, and human health.

Advanced Genealogy

Roundtable: Census & Vital Records

Saturday February 14th
10:00am-12:00pm in the

Thank You, Frances Bean O'Connell Endowment by the patrons of the Olean Public Library

Every month, we thank the Frances Bean O'Connell Endowment for the Arts for making our popular arts and crafts programs possible in the pages of our newsletter and through a plaque displayed in our Gallery. This month, we want to show our love for this Endowment by showcasing the work made by members of our community using the funds from this endowment. Information on the program and Frances Bean O'Connell will be displayed in the Gallery throughout the month of February.

To celebrate this wonderful resource in our community and all the wonderful art it allows us to create, a reception will be held on **Tuesday, February 17th from 5:30-7:30**. All are welcome to attend, and small take-away art kits will be available to take with you from the reception or to complete while you mingle.

Interested in showcasing your art in our gallery? Contact the library by phone or by emailing programming@oleanlibrary.org to learn more. Please remember: artwork must be appropriate for a general library audience (i.e.: suitable if children see), and you must be able to fill the entire gallery with your pieces. Any 2D medium is welcome to submit!
